May: 28th- Fundraiser Dance
June: 4th- Wedding; 5th- Spring Clean up

Tae Kwon Do every Monday and Wednesday night, dancers meet every Sunday night,
Preschool runs every Monday and Guides are in on Thursday nights.

Maintenance:

Andy reported that the new double doors will be installed on April 17th. The toilet seat in the ladies' washroom is loose again. Andy reported the results from the fire inspection: one fire extinguisher needs testing, that is being done now. The inspector was not happy with the locks on the back door by the men's washroom, however that door is being replaced anyways. Andy will also buy bulbs and replace the one for the Exit lights. It was decided to give Matt the go ahead to purchase new fluorescent light fixtures. Michelle reported that she had spoken with her brother in law about the new furnaces. He can get them for \$900.00 each, he is ordering them right now, but they will not be installed until late summer. The Coffee House is transferring funds to purchase them, buy the fixtures

and have a new cabinet built for the ladies' washroom.

Newsletter:

Tami reported she will have the latest newsletter in to the City this month so it is out for May. Included will be information about the Fundraiser dance, as well as a request for those interested in becoming an auxiliary firefighter for the area. A thank you to the Quad Run for their support and donations will go in and a notice about the Hall Spring Clean and the fact that there will be no concession by us for the Garage Sale this year.

Old/New Business:

1. A citizen of the Dallas area approached Teresa about our interest in merging with the Dallas community to form a single Community Association. Dallas did lose their Community Association due to a lack of volunteers. It was discussed that our volunteers are not large in number and would not be able to cover two communities. Andy, Karen G. and Dennis volunteered to attend their AGM, then a member of the Dallas community would be invited to one of our monthly meetings to present this idea further.
2. The Ad Space request letter was forwarded to everyone, if you do not have a copy, please contact Amanda.
3. Amanda will create a notice to put on the door of the Hall for regular users asking for them to come and help at the Spring Clean Up.
4. Andy reported that a new laptop was donated by the City of Kamloops to the Association for meeting minutes.

The meeting was adjourned at 8:25pm.

The next regular meeting will be held Monday May 2, 2011 at 7:30pm.
